West London living

Artisi places you at the beating heart of West London, where this energetic and culture-rich part of the city is there for you to explore.

In less than ten minutes you can be sipping cocktails at the bar in the famous Lyric Theatre or enjoying the views along the banks of the Thames. A twenty minute walk will bring you to the delightful Chiswick boutiques or the bustling Shepherd's Bush market.

The masterplan

On the site of the historic Hammersmith Town Hall, a pioneering new place is taking shape.

The bold Civic Campus vision by London Borough of Hammersmith & Fulham, brought to life by award-winning architects RSHP, will return the historic town hall building to the heart of Hammersmith and deliver thoughtfully designed homes, dynamic workspace, vibrant new retail opportunities for local businesses and engaging recreation and public spaces to inspire and enrich the whole community.

Civic Campus is a symbol of inspiration and aspiration; a world-class destination that represents a big vision for everyone within, and beyond, our community.

The vision

Centred around the restoration of the iconic Grade II listed town hall to its former glory, a vibrant and inspiring entertainment, arts, business, education and social destination is being created; one which engages and integrates with the city and the people that live there.

Civic Campus features world-class architecture and design for the future; its 'Zero Harm' design approach sets new benchmarks for accessibility, while the use of new technology, such as ground source heat pumps to provide low-carbon heating for the scheme, is just one of the forward-thinking sustainability features that set a precedent for future developments.

A new cinema, performance venues, gallery space and public art programme celebrate the area's heritage as an arts and culture centre, while creating opportunities for Civic Campus to become one of the country's most popular destinations for people to participate in and enjoy the arts.

THE TRANSFORMATION

Celebrating Hammersmith's rich cultural heritage, Civic Campus will breathe life back into this historic location, creating a new and vibrant destination abundant with opportunities for better living, entertainment, education and play.

This is Civic Campus; transforming the heart of Hammersmith for the 21st Century.

MUSIC FOR THE SOUL

The new concert and theatre hall with bar and outdoor balcony is just one of many exciting new spaces to enjoy music and the arts, most of which are also available for private event hire.

Whether it's a morning coffee, alfresco dining with friends or an evening cocktail with river views you desire, Civic Campus has an option for every mood and time of day.

GROW AND INSPIRE

With its innovative and flexible design that encourages enterprise and growth both today and into the future, Civic Campus will become home to a range of local start-up and entrepreneurial businesses, while providing art studios for creative businesses and study space for young people.

Open minds.

THE PIAZZA

'Unity Square', the expansive public outdoor piazza designed by world-renowned landscape architects Gillespies, promises to bring Civic Campus to life with its inclusive seating, staging area for performances and events, café seating areas and welcoming spaces for community daily enjoyment. Unity Square also provides improved pedestrian links to Furnivall Gardens and the Thames riverfront.

Whether it's Wimbledon in summer, music and comedy festivals or a weekly produce market, a curated programme of events ensures this beautiful outdoor square will be the beating heart for residents and visitors alike.

SUSTAINABILITY

The forward-thinking vision and design approach to Civic Campus is evident throughout the scheme; achieving eco-friendly buildings that minimise our carbon footprint and cut fuel bills.

This environmentally positive 'zero harm' scheme supports people and the planet with cutting-edge sustainability technology such as its innovative ground source heat pump, solar panels, 'fabric first' approach to design, blue and green sedum roofs, rainwater reuse and sustainable drainage and smart lighting.

Overall the development will have 'excellent' BREEAM status. Taken alone, the Town Hall achieves a 'very good' BREEAM status — a huge achievement for a listed building.

Great minds. Thinking alike.
